

University Archives Buildings and Grounds 1922-2019

By Jeff Zines, January 2020

The files in this collection were generated by the college and concern built as well as some physical features (gardens and monuments) on property related to the Lakeland campus after 1922. There are some files about property owned or formerly owned by FSC that is not adjacent to the land encompassing Lake Hollingsworth Dr, Johnson Ave., Frank Lloyd Wright Way/Macdonald, and Hollingsworth Rd.

Former Names: Many buildings on campus have been known by several names over the years. Edge Hall was originally the Social Hall. Fannin Campus Ministries Center was initially known as the Jackson Student Activities Center and then the Jackson Religion Building (or JRB). Raulerson was originally three separate buildings: Carter, Walbridge, and Hawkins (the Three Seminars). The Thad Buckner Building was the original (1945) E.T. Roux Library. Joseph-Reynolds Hall was originally the Women's Residence. Ordway was briefly known as the J. William Horsey building. Additional newspaper articles and photographs make exist in Digital format.

The files within each series are arranged by building name alphabetically by last name of donor/beneficiary.

The files in this collection are organized into the following series:
